limited. If the houses are built very close together, or if the neighboring buildings are tall, then effective windows are limited to the front, and possibly the back, of the property.

Large Front Yard- If you are a garden lover this may be perfect for you. It will allow you to have more space to showcase your beautifully maintained garden. Provided you abide by local laws.

Two Street Facades- Having two street facades means a lot more of your house will be on display. This can be great if you want to show off your house design especially if you've gone with a custom option. The large canvas will allow you to showcase your style and present a beautiful home to the public. Provided you abide by local laws.

Multiple Access Points- Provided you abide by local laws, having a corner block allows you to choose where you locate your drive, garage, and front door giving you greater flexibility in design. Another great bonus of having two access points means you can use two separate addresses adding a professional touch for people who run a business for home. Allowing any clients that may need to visit for business to enter through the side entrance rather than in your personal living space or mail being sent to your personal address.

The pavilion is well connected. Enjoy easy access to major road networks and public transport. Choose from an array of childcare, primary and secondary school education options, as well as tertiary institutions such as Chisholm TAFE (Cranbourne) and Monash University (Berwick).

Through a network of shared pedestrian and cycling paths, the Masterplan design places importance on connecting the on-site open space, wetlands, and park areas to the surrounding amenities of Casey Fields to the West, the existing hilltop park to the East, and the shopping centre on Morrison Road to the North.

Pavilion is a part of a prosperous and robust community. This culture of connection drives the shape of the area—the way it has developed, the amenities on offer, and the people it attracts.

* Grants subject to State and Federal eligibility rules, see <https://treasury.gov.au/coronavirus/homebuilder> and <https://www.sro.vic.gov.au/first-home-owner>. government grants, including in relation to building commencement timeframes or any other relevant eligibility criteria.
